

# SmartWays Wisconsin

The Wisconsin Chapter of ITS America

---

SmartWays makes transportation in Wisconsin safer, more reliable, and more efficient through the use and advocacy of intelligent transportation systems (ITS). The systems apply advanced technologies to keep track of all aspects of the transportation network and make real-time information easily accessible to travelers. They are crucial in meeting the surface transportation needs of Wisconsin's rural and urban regions.

Being a SmartWays member will provide you with information to educate decision-makers, help increase resources for ITS initiatives, and improve travel by prioritizing operations and system management. SmartWays Wisconsin membership provides the opportunity to learn more about upcoming ITS events, funding issues and sources, professionals with similar interests, and ITS related training and workshops. Members of WisDOT, Universities, local municipalities, public safety, consultants, and industry are encouraged to help with ITS by becoming a member of the SmartWays Wisconsin.

Learn more and keep up with current activities at [www.SmartWays.org](http://www.SmartWays.org)

## Become a member today!

To join, fill out the membership form and send with payment to:

Todd Szymkowski, SmartWays  
2205 Engineering Hall  
1415 Engineering Drive  
Madison, WI 53706
